ABOUT ME

I am a lifelong learner who is always willing to take on new challenges. I have multiple years of experience in the tech field in both development and maintenance. I am hoping to start a real career with a strong company who will use my skills to innovate and synergise new systems.

WORK EXPERIENCE

MAY 2020
JUN 2021

PROJECT SUPPORT ASSOCIATE
Heartland Payment Systems | Jeffersonville

At Heartland I was responsible for remotely setting up and training both merchants and salespeople on our newest register system the Terminal plus. Not only that but I would provide account support, Terminal Plus Support, and general Internet connectivity support, which was not limited to the ordering of new equipment.

MAY 2019
APR 2021

WEBSITE DEVELOPER AND ADMINISTRATOR
American Pallet Liquidators | Jeffersonville

At American Pallet I had the opertunity to develop two websites, one using Wordpress and the other using shopify that would work as the buisinesses storefronts and would simplify the process of delivery.
My responsibilites didnt end there, after the sites were built I would be in charge of updating the sites, running sales, setting up Email lists, and handling the chat functionality of the site.

EDUCATION

2022

SOFTWARE ENGINEERING COMPLETION
General Assembly | Remote

The General Assembly Software Engineering Course is a crash course to give the approprate skills to succeed in the ever changing environment that is the tech field.
